ABOUT ME

Enthusiastic junior eager to contribute to dynamic software projects. I have a strong foundation in Java programming and a passion for learning and growth.

My commitment is to write clean and maintainable code while collaborating in a team environment.

PROJECTS

MeWis (2023) - Deutsche Telekom IT Solutions Slovakia

Client: Ministry of Schools and Education of the State of North Rhine-Westphalia, Germany

My contribution: As a Junior Java Developer, I worked in a Scrum team, where we used **JIRA** for project management, **Git**, **GitLab**, and **Bitbucket** for repository management, and tools like Maven for project control. Our application was built on **Java EE**, and I was responsible for implementing various APIs for job listing search.
